ASUS - TOP 2 GLOBAL CONSUMER NOTEBOOK BRAND

ASUS is the world's top 2 consumer notebook brand, and maker of the best motherboards available. ASUS designs and manufactures a diverse range of products as part of our relentless search for incredible, including desktop PCs, displays, graphics cards, netbooks, networking devices, servers, smartphones and tablets. Design thinking and a commitment to putting user needs first drive everything ASUS creates. We've revolutionized the PC industry with the Eee PC™, and our products won 4,168 awards in 2012. ASUS employs more than 12,500 people around the world and our leading R&D team has some 3,800 engineers. Company revenue for 2012 was approximately US\$14billion.

According to the recently-released IDC Q4 2012 report, ASUS reached the top 2 spot in consumer notebooks, and is top 3 in overall notebook PC sales, if counting commercial and organizational segments.

TOP 1 Notebook Brand in Central and Eastern Europe

TOP 1 Notebook Brand in China and Southeast Asia

TOP 3 Notebook Brand in Western Europe

SOUTHEAST ASIA'S NO. 1 BIGGEST NOTEBOOK BRAND

ASUS has achieved an incredible milestone being ranked No.1 leading notebook brand for Southeast Asia market in accordingly to the recently released IDC Q2 2013 report. This is a major achievement for ASUS as a leading, quality-assured and reliable PC brand in the market.

WORLD'S NO.1 MOTHERBOARD BRAND

ASUS has shipped more than 420 million motherboards since 1989. One in every three PCs sold worldwide in 2010 had an ASUS motherboard. As motherboards are the very foundation of PC quality and reliability, you can be sure that ASUS always offers the best.

TOP-RATED IN QUALITY AND SERVICE

ASUS strives for perfection in all products, and we consistently win awards for quality and innovation. This is reflected in the top ranking we attained for product quality and customer service from the Wall Street Journal Asia.

ASUS GREEN TECHNOLOGY

ASUS continues to lead the industry in the adoption of greener technology, and was the first IT enterprise in the world to achieve EU Flower certification for desktops and EuP Certification for notebooks.

ASUS WINNER OF 4,168 AWARDS IN 2012

The ongoing ASUS search for perfection delivers incredible products. Our commitment to performance, innovation, and quality are recognized by worldwide media, as we received 4,168 major awards in 2012.

iF Design Awards

ASUS products have won numerous international industrial design awards and have once again demonstrated their outstanding design quality and innovation by taking home no less than 10 accolades at the iF Design Awards 2012.

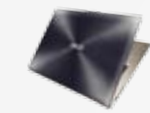

Innovations International CES Awards

Six ASUS products have been selected for the CES 2012 Innovations Design and Engineering Awards honoree program. The awards have become a hallmark for the best-designed products in consumer technology and our brand promise of Inspiring Innovation • Persistent Perfection has resulted in such wide recognition for our products.

<http://awards.t3.com/categories/tech-brand-of-the-year/asus>

ASUS has enjoyed something of a breakout year in the laptop and tablet world, with some beautifully designed and innovative offerings in both sectors.

Malaysia
October 2013
CHIP Magazine

ASUS Vivobook S551B is definitely one of the best ASUS has to offer at the moment. It may be a little on the pricey side but you do get a very powerful and portable notebook that can handle all your productivity and entertainment needs.

Malaysia
October 2013
CHIP Online

As a budget tablet, the ASUS MEMO Pad HD 7 definitely has quite a lot of positives going on for it. It may not be the most powerful but it does have good battery life as it managed to last us about a day and half of moderate use which includes surfing the web, reading eBooks, streaming some videos and also some light gaming.

Malaysia
February 2013
CHIP Magazine

The ASUS VivoTab epitomises what Windows 8 convertible tablets can be. It is thin, well-designed, sufficiently powerful and comes with an indispensable keyboard dock that works very well. We can't recommend it enough.

Malaysia
January 2013
CHIP Magazine

The ASUS PadFone 2 addresses every flaw with the original PadFone and improves upon it. Not only is this a lighter, thinner and more powerful device, it's also decked with new and better features that truly elevates this phone-in-tablet device into a wondrously unique experience.

Malaysia
December 2012
CHIP Magazine

The VivoBook S400 is a very solid touch screen Ultrabook, and while could've done better in some design departments (particularly the keyboard), it still makes for an excellent notebook with good use of Windows 8's touch capabilities.

Malaysia
May 2013
HWM Magazine

ASUS Taichi is everything which defines the company's design model: it's incredibly well-designed, having fused both, the concept of tablet and an Ultrabook and once again, redefining the very concept of the Ultrabook convertible into something else.

Malaysia
January 2013
HWM Magazine

Although the Windows RT platform may be fairly new, the ASUS Tablet shows that there is definitely much potential yet to be discovered and explored.

Malaysia
December 2012
Hardwarezone.com.my

ASUS Taichi's method must be the most unimaginative, because, well, there isn't one. However, we do mean that as a compliment, because all it takes is simply closing the lid to convert the Taichi into a notebook or tablet.

ASUS recommends Windows 8.

Malaysia
December 2012
Hardwarezone.com.my

ASUS Padfone 2 is not just a phone; it can also be converted into a tablet with its accompanying Padfone 2 dock accessory. If versatility is not what you want a device, rest assured that the ASUS Padfone 2 comes with solid specs.

Malaysia
December 2012
Hardwarezone.com.my

Google Nexus 7 manufactured by ASUS is currently the best Android tablet in the market. Despite its lower than average price point, the Nexus 7 is well-designed, has a good build quality and offers great handling.

Malaysia
September 2013
Stuff Magazine

U38DT: A perfect blend of style and performance not the price tho.

Malaysia
January 2013
Stuff Magazine

With a killer combo of performance, price and portability, the Nexus 7 comes out punching. The Nexus 7 would be a great tab if it cost twice as much, but at this price it's unbeatable.

Malaysia
January 2013
T3 Magazine

ASUS Taichi, two-screener is a great twist on the standard laptop, even if people are unlikely to be queuing up to buy it at this price.

Malaysia
September 2013
T3 Magazine

The U38DT offers good value for money, blending great looks and decent performance into one fetching chassis

UK
September 2012
PC Plus

For a cutting edge tablet with a powerful engine, just like Google Nexus 7 made by ASUS, there's very little better on the market.

UK
September 2012
Know Your Mobile

Google Nexus 7 made by ASUS is an awesome device in every way. Truly the best Android tablet out there. Chosen as reader's tablet of the year.

Germany
November 2012
areamobile

The hardware of the ASUS PadFone 2 is beyond any doubt and provides optima in everyday usage and in many benchmarks.

Australia
March 2012
PC User

With Transformer Prime, HD videos play smoother than ever and games look more fluid and dynamic. This is a pretty compelling tablet, with lots of graphics grunt and solid build quality.

Malaysia
September 2013
GAX (Games Axis)

We are really impressed with its performance. It handles some of the latest games at HIGH visual setting without breaking a sweat and has very respectable battery life.

Malaysia
January 2013
PC.COM

The best feature about this particular Vivo Tab is the battery life; particularly when combined with the keyboard. It easily survived a full week on standby with the batter at half charge.

Malaysia
January 2013
T3 Magazine

For the money, the Nexus 7 excels in all departments except storage and is the best Android tablet on the market.

Malaysia
January 2013
T3 Magazine

A great X202E / S200 touch screen laptop at a crazy low price.

Germany
May 2011
iF Design Forum

The notepad goes digital with Eee Note from ASUS. The Eee Note is one of the world most accurate sensitive digital note taking devices and gives the user the feel of writing on paper.

Germany
July 2012
Notebookcheck

Asus presents its low-end Transformer concept in form of the TF300. It provides an enormous added value with the docking keyboard in contrast to other tablets.

US
April 2012
Hot Hardware

The Transformer Pad offers just about anything you could want in a tablet, and the Tegra 3 offers more than enough performance for any app available for the device.

US
November 2012
Hot Hardware

Overall Windows RT and the NVIDIA Tegra 3-powered ASUS VivoTab RT is an impressive combination in terms of usability and general performance.

Singapore
October 2011
Stuff

With its detachable keyboard, fast processor and impressive multitasking ability, this Eee Pad Transformer with Android Honeycomb 3.1-powered 10.1" renders netbooks obsolete.

Singapore
October 2012
HWM

There is little reason to doubt that we are looking at the best Android tablet on the market right now. In the Android space at least, none of the immediate competition can match its performance.

and many more....

EXTREME TEST ENSURE TOP-QUALITY NOTEBOOK

Take a look at what makes ASUS notebooks the most trustworthy in the business. If we listed every test and step our engineers actually use to make sure you get the best notebooks possible, this would go on forever — so consider this a taste!

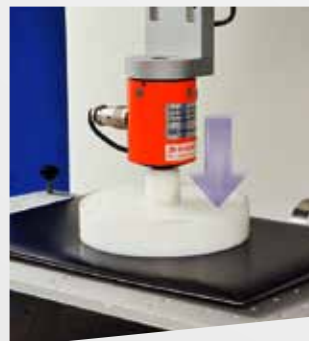

KEYBOARD TESTING

Express yourself confidently thanks to keyboard durability tests, where special robots punch each key to check its feedback and lastability even in the face of some brutal input!

ABRASIVE TESTING

Abrasive resistance test subjects ASUS notebook exteriors to friction, indicating colors and surface materials stay at prime condition even after extensive and demanding usage.

PRESSURE TESTING

Premium panels must handle limited spaces such as suitcases, and allow you to touch them without causing damage or distortion, so panel pressure testing ensures ASUS notebooks only use the best.

NOISE TESTING

Abrasive noise tests check for loud fans, storage, even power delivery buzz, hushing them to create quiet notebooks. The entire chassis then passes audio tuning to deliver the best sound possible.

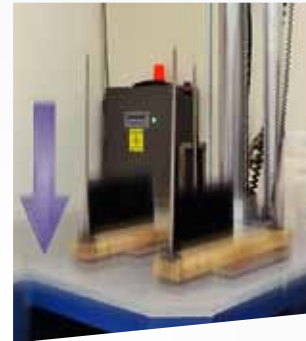

ENHANCED HINGE TESTING

Notebook lid hinges are weak spots. Use cheap materials and they'll snap. Vigorous hinge testing conducts thousands of open/close cycles, making sure hinges last the life of your notebook.

VIBRATION TESTING

Riding on bumpy roads, some PCs may start falling apart. Not ASUS notebooks. Harsh vibration testing ensures parts stay put and performance remains consistent even when the shaking starts!

SHOCK TESTING

Shock test takes notebooks and simulates incidents that occur during shipping. With a big smile on their face, engineers make sure the notebooks survive these with no performance penalty.

TWIST TESTING

Twist test checks chassis rigidity. Grabbing the notebook with one hand? No problem, this trial checks for uneven twist force endurance to give you the flexibility you need.

HIGH ACCELERATION TEST

Halt test stands for «Highly Accelerated Life Test», and expressmoves notebooks through their typical life cycle to ferret out problems, with extensive analysis conducted by engineers.

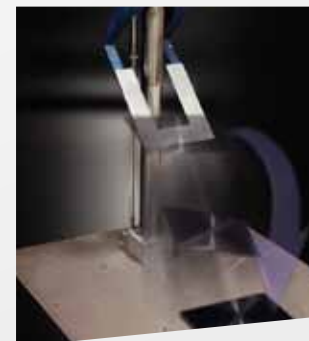

PORT TESTING

Port test ascertains contacts and plugs are solid for frequent plugging / unplugging and can handle cable quality variations without data transfer and fidelity degradation.

TEMPERATURE TESTING

Tough temperature tests verify diverse operating conditions, from every low temperatures to high heat, including humidity for accurate results. Whatever the mercury shows, ASUS notebooks can take it.

DROP TESTING

Drop test proves notebook free fall resistance. ASUS quality means notebooks handle drops with no damage to internal components or external design, far beyond industry standards.

ASUS CUSTOMER HAPPINESS 2.0

ASUS Customer Happiness 2.0 evolves around the concept of optimizing your usage experiences. More than just offering industry-leading products technically, we are committed to providing you with stunning visuals with our focus on design aspects, incredible sound experiences with exclusive audio softwares and hardware, intuitive touch experiences, not forgetting increasing your ease of computing with 2-second instant on from sleep and providing you with cloud storage for additional storage needs.

With you in mind, ASUS is motivated to keep pushing our boundaries to meet your ever-changing computing needs.

MARKS IN HISTORY: ASUS NOTEBOOKS

ASUS notebooks have proven themselves in harshest conditions and locations, becoming the stuff of legend. The embody the ASUS search for incredible experiences and technology, m empowering courageous and adventurous people everywhere. Let's take a look at several feats that have left an incredible mark on computing history.

In outer space

Zero defects during 600 days in orbit!

Two ASUS notebooks were selected by R&K, a major computers and electronics supplier to the aerospace industry, to provide astronauts with dependable computing hardware. "ASUS notebooks never overheated", said Sergei Avdeev, one of the Russian cosmonauts. "Only notebooks with the best cooling can survive continuous operation in space, and our ASUS notebooks worked problem-free."

In the air

Helping the NRMA CareFlight Helicopter rescue unit save lives!

NRMA CareFlight uses ASUS notebooks in different fields, including aviation, medical treatment, and administration. ASUS notebooks play a critical role in improving survival rates in severe head trauma incidents. They help medical teams arrive on-site faster than ambulances, with fatalities lowered by 33%. "Our pilots are very impressed with ASUS notebooks and amazed at their durability," said Mark Lees, Community Relations Manager of CareFlight.

At the ends of the earth

Conquering Antarctica

A December 2003 expedition with acclaimed mountaineers Shi Wang and Jian Liu set out to reach the summit of Mount Vinson, the tallest peak in Antarctica at 16,000 feet, where temperatures drop below -100°F. Wang and Liu brought ASUS S200N notebooks, which met their need perfectly, being light and compact and designed to handle the rigors of exploration. "It was great having notebooks we could count on in situations where malfunctions are unacceptable," said Shi Wang.

On the Road

Flawless performance during grueling off-road racing

ASUS notebooks performed critical tasks at the PATAGONIA 2000 race, used in hot deserts and on snowy mountains. They acted as navigation devices, excelling due to their built-in GPS and dynamic maps. They were also mobile communication centres, enabling email and video conferencing. "ASUS computers survived severe conditions without a single flaw," said race organizer Aviv Shweky.

On the world's highest peak

First notebooks to scale Mount Everest

Conditions at the world's tallest mountain may faze other notebooks, but ASUS U5/S6, W7, and U1 notebooks were chosen to accompany an expedition to the top at Mount Everest. The U5 even made it to the peak at a height of 8848m, with expedition leader Captain Wang YongFong carrying it as a tribute to eco-friendly technology and making ASUS the world's first notebooks at the top of Mount Everest.

Braving the desert

Survival of the fittest at Lop Nor

The ASUS search for incredible goes on, with the ASUS team taking ASUS Zenbook to Xinjiang's Lop Nor dry lake in China, which has a reputation for being one of the most challenging parts of the world. Located in the Kumtag desert, the region has extreme temperature changes with high heat during the day and freezing cold at night, a nearly complete absence of moisture, and dangerous wind gusts. This barren and has been used in the past for nuclear weapons testing, and today few people live there. ASUS notebooks made it through the trek, helping capture incredible experiences and moments.

and history will be continued ...

ASUS PICK-UP & RETURN SERVICE FROM YOUR DOORSTEP

STILL TRYING TO FIND THE CLOSEST SERVICE CENTER? TOO BUSY TO SEND YOUR NOTEBOOK FOR SERVICE BY POST OR COURIER?

ASUS provides the service you need. Beyond our 2-year global warranty, we offer a premium **PICK UP & RETURN SERVICE** for customers and dealers.

For customers, this allows you to request door-to-door service, or you may just drop your ASUS notebook or tablet with your nearest retailer.

Dealers can place a quick call or write us an email, and we'll instantly get a specialist to pick up the notebook or tablet from your location to save you time and effort. Lead times are 1-4 days, and service quality is always assured.

There are only 5 simple steps to apply ASUS Pick Up and Return Service.

How to apply Pick Up & Return Service?

Information Required When Submitting Pick up & Return service request:

- Terms and Conditions:
- (1) The Pick-Up & Return service applies to ASUS Notebook and Tablet only.

(2) The Pick-Up & Return service for defective unit within warranty period will be free of charge.

(3) Out-of-warranty, non-defective or customer-induced damage units are not covered by Pick-Up & Return service. In such cases, dealer or end user needs to carry in for repair.

(4) Pick-Up & Return service only applies to RMA repairs and does not apply to DOA claims.

(5) Any Location/City/Town not falling in any zone listed in zone table will be considered non-service area. Any shipment to non-service area is subjected to additional service rate or charge.

(6) Additional service charge is applicable for delivery to any Island (e.g. Langkawi, Redang, Pangkor and etc) except Penang Island.

ASUS OFFERS CUSTOMERS 2-YEAR GLOBAL NOTEBOOK WARRANTY WITH 100% FREE SERVICE AND PART REPLACEMENT

*Applicable for selected notebook models only

ASUS gives you a true 2-year global warranty on notebooks, unlike other brands, which may claim three years but actually only cover part replacement for one year, then add two years of general service with no part replacement.

Work easy. Play hard. Windows 8

AN INFINITE LEVEL OF LUXURY IN DESIGN

Creating the perfect Ultrabook™ means striking a perfect balance between form and function. ASUS ZENBOOK™ UX301 has a breathtakingly gorgeous design refined with crystalline glass and classic hairline metallic finish that's just 15.5mm thick — 14% thinner than the previous ASUS ZENBOOK™ UX301.

INCREDIBLE IMAGE QUALITY WITH A WQHD DISPLAY

ASUS ZENBOOK™ UX301 packs a stunning 2560 x 1440 pixels into its 13.3-inch display to give four times the resolution of an HD display and a razor sharp high-definition image for web pages, photos, video and games. More pixels means more space to work, too — so you can keep multiple windows open and in view at the same, and see more of a spreadsheet or the image your working on.

WORK ALL DAY ON A SINGLE CHARGE

Energy-efficient components like the Intel® Core™ processor and solid-state drive help Zenbook UX301 last for up to 8 hours on battery power. Exclusive Super Hybrid Technology can also boost battery life by up to 25% for less demanding tasks like web browsing and watching video.

THE DESKTOP REINVENTED

With a fresh new look and a Start screen, see at-a-glance updates with Live Tiles for your favorite social media services, and switch between apps simply by swiping across the screen or touchpad. New multitasking features make it easy to do two things at once. Just snap two apps side-by-side and you can browse web while watching a video, or chat while editing a document.

*Some apps sold separately, vary by market.

ELEGANT ALUMINUM AND SLIM MODERN LOOK

Meticulously treated materials endow new ASUS N Series notebooks with stunning looks and great strength, using aluminum with hairline finishing and an illuminated ASUS logo. A ripple-effect speaker mesh projects artistic beauty and echoes sound excellence, showcasing appealing aesthetics and better audio.

IPS PANEL DELIVER LIVING COLOR AND WIDE-ANGLE SIGHTS

The new ASUS N Series notebooks arrive with ultra-crisp IPS screens that enhance color definition, brightness, and contrast. Going up to full HD, they resist reflections using matte coating, which also repels fingerprints.

In addition to color accuracy and lifelike visuals, new ASUS N Series panels ensure wider viewing angles so you can share screens with family, friends or colleagues. The 15.6" N550 delivers 178-degree enjoyment, with colors and clarity remaining consistent from nearly any direction.

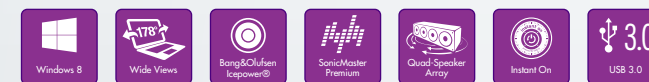

INTRODUCING QUAD-SPEAKER ARRAY SURROUND SOUND

Four powerful speakers create immersive sound, tuned by the ASUS Golden Ear team. The quad-speaker array shapes sound and ensures best-reproduction and delivery. Beamforming and crosstalk cancellation join Head-Related Transfer Function (HRTF) technology to clear up audio, remove interference, and increase enjoyment, whether using the speaker array or headphones. Sound positioning is augmented for richer and more convincing surround, especially in movie watching, where you dive into truly cinematic audio.

ASUS Sonicmaster audio technology, co-developed by Bang & Olufsen ICEpower®, brings you the best notebook sound. The new ASUS N Series notebooks are the first with a quad-speaker array. This generates spacious and cinematic-quality surround. And for deep bass, you get the bundled external SonicMaster subwoofer, which pumps out thumping low notes.

SUPER COOL WITH DUAL REAR-VENTING THERMAL DESIGN

Never worry about heat, as the new ASUS N Series feature large-scale cooling with dual fans, twin heat pipes, and big vents that keep temperatures low even during the most intense action for guaranteed stability.

FOUR MODES FOR SEAMLESS INTERACTION & SHARING

1 Notebook mode switches off ASUS TAICHI™'s outer screen so that it can be used as a standard notebook with a full HD 13.3" screen with ultra-wide viewing angles, QWERTY keyboard, and large multi-touch touchpad.

1 With the lid open and mirror mode enabled, the two back-to-back screens display the same image, which makes ASUS TAICHI™ perfect for software demos or a shared movie experience.

1 Close ASUS TAICHI™'s lid and it's instantly transformed into a tablet with a 13.3" full HD display.

1 When enabled, the back-to-back screens can be used by two people at once, one with the keyboard and touchpad, the other using the multi-touch screen.

ASUS A·SERIES

EXPRESSIVE COLORS. EXCEPTIONAL PERFORMANCE.

ASUS recommends Windows 8.

ASUS PERFORMANCE Series

Work easy. Play hard.  Windows 8

A CLASSIC, TIMELESS DESIGN

Reliable and comfortable to use, the new ASUS A Series notebook has a spun-circle finish for a classy, elegant feel. Its slim profile is 5% thinner than the previous A Series notebook, and still houses to a large touchpad with intuitive multi-point Smart Gesture input, multiple USB 3.0 ports for fast data transfer and IceCool technology to keep your palm rests cool.

PROVIDING A SMOOTH COMPUTING EXPERIENCE

Value-packed with all the essentials, the new ASUS A Series reinvents your daily computing experience. Whether you are using it for work or for fun, this is an ideal machine for both productive computing and entertainment. It features up to an Intel® Core™ processor and graphics card, Instant on that resumes your computer from sleep mode in 2 seconds and USB 3.0 for 10 times faster data transfer speed. New ASUS A Series gives you everything you need for a truly satisfying multitask computing and multimedia experience.

A NOTEBOOK WITH SMARTPHONE-LIKE ACCESSIBILITY

The A450 features the exclusive ASUS Super Hybrid Engine II with instant on to provide you with smartphone-like levels of accessibility. It can resume from sleep mode in just two seconds and has up to 14 days of standby time. It automatically saves your data when battery levels drop below 5%, so your documents are kept safe and secure.

Resume in
2 Seconds

PRECISE, CRYSTAL CLEAR AUDIO TO COMPLETE THE CINEMATIC EXPERIENCE

On most notebooks, all sound frequencies originate from small onboard speakers. The resulting audio comes from a single source and lacks distinctiveness. Like other notebooks in the ASUS range, the new ASUS A Series comes equipped with SonicMaster technology and ASUS AudioWizard to bring you high fidelity audio. Experience omnidirectional sound and hear each individual instrument's nuances with the new ASUS A Series.

ASUS A Series ships with Windows 8, so you can browse the web faster and utilize more powerful computing to do more wherever you are.

TOP 8 REASONS TO BUY ASUSPRO

ASUS COMMERCIAL

1 LEGENDARY HISTORY-MAKING FLAWLESS PERFORMANCE EVEN IN EXTREME CONDITIONS

ASUS notebooks have been tested in the most punishing of conditions and the most remote locations. Many of these incredible feats have become the stuff of legend, accomplishments that have left an indelible mark on history.

1998
In space
Zero defects in micro gravity for over 600 days

2000
On the road
Surviving the bumps and jumps of a grueling off-road rally

2005
In the air
Saving lives through mobile computing

2010
Top of the world
ASUS notebooks reach the peak of Mount Everest

2 WORLDWIDE SERVICES

ASUS guarantees all notebooks with free repairs and component replacement as needed within the 3-year warranty period. In addition, ASUS international warranties make sure your investment is protected even if you relocate, with support centers in 55 countries. This is the ASUS pledge of quality and customer satisfaction, wherever you might be.

3 EXTRA RELIABLE STRICTEST TESTING PROVEN TO EXCEED THE US MIL-STD 810G MILITARY STANDARD

Business and organizational users demand greater reliability, so ASUSPRO BU400 notebooks go beyond the demanding US MIL-STD 810G military standard. They prove very durable in shock tests, drop tests, hinge cycle tests, and panel pressure testing, so your business benefits from steadfast reliability even in extreme conditions.

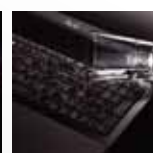

Stronger hinges

Enhanced drop testing

Tough anti-shock hard drive

Spill-resistant keyboard

Enhanced pressure testing

4 DESIGNED PROFESSIONAL WORLD-CLASS AWARD-WINNING DESIGN

Starting with people and understanding what users think, feel, and do is how we design ASUSPRO Series notebooks. We believe business should be more mobile, powerful, easier, and comfortable to use, so ASUSPRO BU400 combines a variety of great functions into one Ultrabook™ at just 1.64kg. It measures a slim 21mm, is highly durable, and reinforced with tough carbon fiber construction, a metal frame structure, and anti-shock hard drives that secure data against damage. It features a true-comfort keyboard, adding to the many reasons ASUSPRO is best for business. ASUSPRO BU400 has secured awards from iF Design, Red Dot (Germany), Good Design (Japan), and an Excellence Award (Taiwan).

5 ECO-FRIENDLY LEADING IN GREEN TECHNOLOGY WITH THE HIGHEST ENVIRONMENTAL STANDARDS

ASUS has been leading the industry in eco-friendly processes, minimizing its environmental impact with an initiative dubbed Green ASUS. This covers green design, green manufacturing, and green procurement. The ASUSPRO Series succeeds in combining lower total cost of ownership with the highest environmental standards, certified EPEAT, Energy Star, and RoHS-compliant.

6 LONG LIFECYCLE GOOD FOR THE ENVIRONMENT WITH THREE TIMES THE BATTERY LONGEVITY

The ASUSPRO Series uses long-life batteries as a standard feature, lasting three times longer than traditional li-ion batteries. Power packs are eco-friendly and money-saving due to a lower replace rate, plus ASUS Xpress Charge technology can even charge your ASUSPRO Series notebook to 90% in just 90 minutes.

7 SEAMLESS SECURITY COMPLETE PROTECTION THROUGH HARDWARE AND SOFTWARE FEATURES

Data safety is very important for businesses, so the ASUSPRO Series provides total security using multiple hardware and software layers. This includes onboard anti-shock hard drives that secure data against shocks and drops, fingerprint scanning that takes access authorization to a higher level, and smart card-based identification for logins and online transaction approval. Additionally, ASUS Secure Delete software easily erases data permanently.

8 WORRY-FREE TRACE AND LOCATE SERVICES FOR LOST OR STOLEN NOTEBOOKS

When you lose your work notebook, a serious concern is confidential data being accessed by external parties. The ASUSPRO Series provides trace and retrieval services of lost or stolen notebooks, with each model pre-installed with Intel® Anti-Theft Technology to remotely disable access to the operating system, which means the notebook is locked and cannot be used by others. Computrace® LoJack® for Laptops software is included, and can also remotely lock and delete data before it falls into the wrong hands. The LoJack® for Laptops dedicated theft recovery team then works with local law enforcement to track down and recover lost or stolen notebooks.

DURABLE ULTRABOOK™
DESIGNED FOR YOUR
BUSINESS

Work easy. Play hard.  Windows 8

ASUSPRO B ADVANCED

The ASUSPRO BU400 Ultrabook™ is tailored to tough environments and IT-managed business and organizational users who require fast multitasking. It makes business more mobile, durable, secure, and productive.

Work flexibly anywhere with a weight factor from 1.64kg and a 20mm profile. The BU400 is tested and proven to exceed the demanding MIL-STD 810G military standard, and offers extreme reliability. It is optimized through rigorous drop tests, hinge cycle tests, and panel pressure testing, and uses a reinforced carbon fiber structure, anti-shock hard drive, and spill-resistant keyboard. Powerful 3rd gen Intel® Core™ processors add to efficient manageability.

Since its launch, BU400 has secured several world-class design awards: an iF Product Design and Red Dot (Germany), Good Design (Japan), and an Excellence Award (Taiwan).

EXTRA-DEPENDABLE FOR SMALL
AND MEDIUM-SIZED BUSINESSES

ASUSPRO P ESSENTIAL

ASUSPRO P Essential notebooks are designed to support small to medium-sized businesses with affordable yet-fully featured PCs for work and productivity, especially for enterprises who do not wish to maintain a managed IT environment. They offer complete reliability, meeting much higher industry standards than other notebooks in drop tests, hinge cycle tests, and panel pressure testing. ASUSPRO P Essential notebooks use anti-shock hard drives and spill-resistant keyboards. They make working more comfortable with anti-glare screens and bigger multi-gesture touchpads.

Easier productivity is powered by new 3rd generation Intel® Core™ processors, while exclusive ASUS Super Hybrid Engine II delivers up to 14-day standby. Data gets backed up automatically when the battery drops to 5%, and for greater security ASUS SecureDelete completely removes confidential files. Simple to use yet completely effective, ASUSPRO P Essential notebooks are the ones to choose for resource-savvy businesses on the path to growth.

Corporate non-IT staff who need essential features and stable operation for productivity

Small businesses with controlled budgets that demand durable high end performance

Government or education professionals requiring high security and data protection
